

Helping you to understand the
American Recovery and Reinvestment Act of 2009

Homeowners can now earn a tax credit of 30% of the product cost up to \$1,500 on qualified windows and doors installed beginning January 1, 2009 through December 31, 2010 credit applies to product costs only, no labor or installation costs can be included.

Windows and doors with U-values of .30 and less, and a Solar Heat Gain Coefficient (SHGC) of .30 or less are eligible for this tax credit.

Not all Energy Star windows and doors qualify for the new tax credit. Stormtite has a full range of tax credit compliant windows and doors that do qualify from value focused to premium products.

Homeowners can claim the 25C credit on form 5695 when they prepare their income tax returns. This is the current number. Please check with your accountants when filing for 2009 to make sure this has not changed. Must be for taxpayer's principal residence.
